

Grooming & Services

We are a full grooming facility, with state-of-the-art equipment and over 20 years of experience. To assist with our scheduled grooming please review our Prioritization process:

First Priority is our regular grooming clients who have scheduled their grooming in advance.

Next Priority is our regular groomings that routinely occur while boarding with us.

Followed by grooming requests that are made at time of drop off or while pet is already at the kennel.

Please note that during our peak seasons and major holidays-when our grooming room is very busy we may not be able to guarantee all grooming requests for our boarding customers.

Bath Plus (while boarding)

Bath Plus is a double cleaning with a veterinary grade shampoo suited for your pet's coat, skin and age. The Bath Plus has become very popular because it is reasonably priced, your pet is very pleasant (which lasts for 10+ days), and several typical cleaning and grooming maintenance issues are routinely taken care of conveniently for you.

Pet Size	Price
Small to Medium (1-49 lbs.)	\$50 & up
Large to X-Large (50+ lbs.)	\$60 & up

Nail Trimming

Many dogs need to have their nails routinely trimmed for good health. Very active dogs and dogs on concrete can generally keep their nails filed with normal activity. Less active dogs, older dogs and smaller dogs do not fair as well, and should routinely have their nails trimmed. Without the proper "know how" and equipment, this can be uncomfortable and result in bleeding. Price: \$9.00 - \$12.00

Ear Cleaning

Many dogs have a typical build up of wax, if left unclean it can lead to yeast infections and chronic ear problems. We use the best ear cleaning solutions available and can perform a good, deep clean with most pets. The exception being a dog already battling a significant ear infection. Price: \$3.00

Feet and pad trimming

Some breeds develop what I call "wooly feet", and benefit from having them trimmed up periodically. It is a good idea for sanitation and their health. Price: \$5 - \$7.50
